EDUCATION

Higher Secondary

R A Patel Gyanjyot Gujarati Medium School, Borsad (2023)

Bachelor of Engineering (CE)

Madhuben and Bhanubhai Patel Institute of Technology, V.v nagar 2023 - 2027 (Pursuing)

SKILLS

- Web development
- Multitasking & Time management
- Digital Marketing
- Graphic design
- Leadership & Responsibilities
- Photography & Videography

EXPERIENCE

- 4+ years in freelance (photography & videography)

ABOUT ME

Results-driven Web Developer with strong skills in coding and graphic design. Passionate about building high-quality, user-friendly digital experiences. Also experienced in photography and videography, bringing creativity. Dedicated to creating impactful websites and digital solutions that engage users and deliver meaningful results.

PROJECT

- **ERP PORTAL**
 - Developed a college-level ERP portal to manage academic and admin activities
 - Designed a role-based system with three levels: Admin, Teacher, and Student
 - Implemented secure login and data management using Firebase
 - Built a responsive and user-friendly interface using React
 - Integrated backend functionality using PHP for efficient data handling
 - Technologies: React, Firebase, PHP, HTML, CSS, JavaScript
- **Image to Text Caption Generator**
 - Developed an AI-based system to generate captions from images
 - Used a pre-trained BLIP model for accurate image understanding and text generation
 - Built a frontend interface for image upload and real-time caption display
 - Achieved fast and accurate caption generation with user-friendly experience
 - Technologies: Python, React, FastAPI, BLIP Model, MS COCO
- **Heart Attack Prediction System**
 - Used machine learning algorithms to analyze parameters and generate predictions
 - Processed and cleaned medical data using Pandas and NumPy for accurate results
 - Built a model using Scikit-learn to classify and predict heart attack risk
 - Created a simple interface for inputting patient details and displaying prediction
 - Achieved reliable prediction performance with efficient data handling and analysis
 - Technologies: Python, Machine Learning, Pandas, NumPy

ACHIVEMENTS

- Head of Social Media, ISTE — leading digital strategy and engagement
- Managed social media for NSS for 3+ years, driving campaigns and outreach
- Collaborated with college and university media teams for branding and promotions
- Strong expertise in content creation, social media marketing, and audience growth
